HELLENIC LANGUAGE SCHOOL
ALEXANDER THE GREAT

HELLENIC LANGUAGE SCHOOL

ALEXANDER THE GREAT

We have given our school the name of the great Macedonian leader who expanded Greek culture and language to the Orient. Alexander had founded in Babylon the first organized school for the teaching of Greek to non Greeks.

Our School at three locations

We operate in Athens, the political and cultural Center of Greece, but also in Thessaloniki co-capital of the country and in beautiful Chania at the island of Crete.

We dispose of very well located premises, with very well equipped classrooms, libraries and computer labs at all our three sites.

35 years of experience

We have been offering Greek to foreigners for a long time, since 1972. But we have never lost our enthusiasm and our commitment to achieve best results with any student wherever he comes from, whatever his age or educational background are.

A Smiling school

We are always happy to meet with individual students, handle individual cases and respond to individual needs.

We always make sure that our students will be smiling when they leave and smiling when they come back to us again and again.

Our students

We have students from all over the world – from USA to Japan and from Sweden to South Africa. We also have students of any age, from the age of 12 (in special groups) up to the age of 80.

A great variety of programmes

We start new courses on the first Monday of every month, at 4 levels.

We offer

- Compact courses (2 weeks, 20 hours per week)
- Extended courses (4 weeks, 20 hours per week)
- Regular courses (8 weeks, 9 hours per week)
- One to one courses

A combination of the above at request may be offered.

Educational material

We use our own books and multimedia electronic material. Most of them have been developed by international partnerships and have been partially financed by EU.

Teaching staff

All our teachers are university degree holders with long teaching experience and enthusiasm about their profession.

Accommodation

We can arrange three types of accommodation:

- Centrally located hotels at walking distance from the school
- Our own apartment in Athens or studios in Chania
- Family stay
