Option 3: "General English IELTS Examination" Course

At LSI, students can choose to prepare for the following internationally-recognised English language examinations:

The IELTS test: The International English Language Testing System. This is the key language qualification which is required for entry into British, Australian (and many American) universities and colleges of higher education. LSI is one of the few private language schools to have been accredited by the British Council as an official testing centre. We usually hold two examinations per month (on the final Thursday of the month). At LSI, students can be given their exam results within 13 working days. We can also assist and give advice to students with their university applications. In 2009, the cost of the IELTS exam will be £105 (subject to confirmation) in addition to the tuition fee. Please indicate on the Registration Form if you would like to take the IELTS test while you are at LSI and choose the test date you would like from the dates below.

- The main focus of the Option 3 "General English plus Examination" course is on preparation for the IELTS examination. Students who wish to prepare for one of the Cambridge Examinations will need to take the Option 4 General English Plus One-to-One Course in which the 1-1 component focuses entirely on Cambridge preparation.

Cambridge University Examinations: (1) PET - Preliminary English Test (2) FCE - First Certificate in English (3) CAE - Cambridge Advanced English (4) CPE - Cambridge Proficiency in English

Option 5: "General English Plus Business English" Course

The programme The programme is divided into two parts; students spend half of their day (12.5 hours) in a General English Group and the other half day in a 'Small Business Group' which consists of a MAXIMUM of FOUR professional people from different companies. For this option, students should have a starting level of lower-intermediate or above and a minimum age of 25. The half day Business English component is designed to improve communicative performance in a wide range of professional, business and commercial contexts and may include the language of meetings, negotiations, making presentations, dealing with numerical data, telephoning, socialising & entertaining, fax, e-mail, letter & report writing.

Special Features for 2009
